

# AETAP's

# 13<sup>th</sup> Conference

# 25.-28.04.2022

Aetap is an international non-profit organization committed to the promotion of research on threat assessment and management, the implementation of tools and structures in relation to the topic, and teaching and training professionals in threat assessment and management. Threat assessment and management under the remit of aetap is directed towards the prevention of targeted violence and interpersonal violence. Its goals and objectives are the organization of international conferences on threat assessment for the dissemination of new research and intervention strategies; the provision of continued education and networking opportunities; the promotion of regional workshops in the field; and the advocacy of structures and facilities based on threat assessment and management.

# 13th AETAP Conference

Welcome to AETAP's 13th conference program - where our European threat assessment history continues. After a turbulent two years having to cancel two annual events we are overjoyed welcoming you back between **25th and 28th April 2022**.

The 13th conference of the Association of European Threat Assessment Professionals will be an **online event**. As much as we hoped for an in person conference we decided to avoid any risks this year. Like this we could guarantee a conference for 2022 packed with a wealth of experience and the latest information from different continents. Having secured great speakers from a variety of backgrounds with a fascinating mix of professional knowledge, we are excited to welcoming you virtually.

Representatives from law enforcement, private security, law, victim support, forensic and clinical psychology and psychiatry as well as professionals from the academic world have voiced a need for networking in order to promote trans-European information exchange. Get the latest information on threat assessment and management across the globe and meet world leading subject matter experts with us. This conference is a must-attend event for anyone who works within security management, prevention of targeted violence, assessment of violence risk, and threat management as well as anyone interested in networking across Europe.

# ZOOM Event

This year's AETAP conference will be a Zoom event. Anyone attending AETAP's conference will need to use Zoom as the event will only be accessible by having the Zoom client installed on either your desktop computer or mobile phone.

Registration will open **30th March 2022** and will only be possible with a Zoom account. We therefore advise you to create one if you haven't used Zoom before. For existing Zoom users it is vital to remember the email address associated to your Zoom account and only use the one email address. More detailed information and instructions will be provided soon in addition to the 'frequently asked questions' section at the end of this program.

# Frequently asked questions

## I don't have a Zoom account, can I still register myself for the conference?

No you can't. You must have a **basic Zoom account which is free** and with which you will be able to register for the conference.

## Can I join the event online only (without having the Zoom client installed)?

Unfortunately not. You can register for the conference without having the Zoom client installed (as long as you have a Zoom account) but you can't attend the actual conference.

Prerequisites for joining Zoom Events:

### **Zoom desktop client**

Windows: 5.8.6 or higher

macOS: 5.8.6 or higher

### **Zoom mobile client**

iOS: 5.8.6 or higher

Android: 5.8.6 or higher

**Basic (free), Pro, Business, Enterprise, or Education account**

## Is there any support available?

Yes, we will provide you with a short guide to help you navigate through the registration process (see page 5) and conference set up before the event.

**Click here for more information on Zoom Events.**

## How do I invoice my employer for my ticket?

After you register yourself for the conference you will receive an invoice from **ambereen.rastogi@aetap.eu** which you can pass on to your employer. We can only accept payment via bank transfer or PayPal. All details will be provided on the invoice.

## What data will you store about me?

Your email address, your first and surname. That's why it is important for you to use ONE email address throughout the process as you'll only have access to the conference via the same email address you used when registering yourself for the event. All other data we collect during the registration process are for the purpose of issuing the invoice.

## Will I be recorded at the event?

No, you will not. If you do see a recording symbol during the conference it will be during a presentation when no viewers are visible. We will not record any live sessions during the event.

## Where will my data be stored?

All data will be stored on an European server. This includes your email address and all presentations available after the conference. No presentations will be downloadable nor will they be accessible to any third parties.
