Aetap is an international non-profit organization committed to the promotion of research on threat assessment and management, the implementation of tools and structures in relation to the topic, and teaching and training professionals in threat assessment and management. Threat assessment and management under the remit of aetap is directed towards the prevention of targeted violence and interpersonal violence. Its goals and objectives are the organization of international conferences on threat assessment for the dissemination of new research and intervention strategies; the provision of continued education and networking opportunities; the promotion of regional workshops in the field; and the advocacy of structures and facilities based on threat assessment and management.

14th AETAP Conference | Nuremberg, Germany Expert Day & Conference 24.–26. April 2023

Welcome to Germany - **Nuremberg**, where our European threat assessment history continues. The 14th conference of the Association of European Threat Assessment Professionals will take place between **24th and 26th April 2023**.

Over the past years, various professionals involved in the prevention of targeted, predatory violence have noticed the growing need to obtain the latest information on threat assessment and threat management within the European continent. Representatives from law enforcement, private security, law, victim support, forensic and clinical psychology and psychiatry as well as professionals from the academic world have voiced a need for networking in order to promote trans-European information exchange.

The 14th AETAP conference in Nuremberg combines a wealth of experience and the latest information from Europe, North America, Australia, Africa and Asia. We have secured great speakers from a variety of backgrounds with a fascinating mix of professional experience. Come to network, get the latest information on threat assessment and management across the globe and meet world leading subject matter experts. This conference is a must-attend event for anyone who works within security management, prevention of targeted violence, assessment of violence risk and threat management as well as anyone interested in networking across Europe.
