17th AETAP Conference

Donostia-San Sebastián, Spain

Workshop Day 13 April 2026

Conference 14-16 April 2026

In recent years, professionals dedicated to preventing targeted and predatory violence have recognized an increasing demand for the latest information on threat assessment and management across Europe. Representatives from law enforcement, private security, law, victim support, forensic and clinical psychology and psychiatry, as well as academics, have emphasized the importance of networking to facilitate trans-European information exchange.

Join us to network, stay updated on global threat assessment and management, and connect with leading experts in the field. This conference is a must-attend for those involved in security management, the prevention of targeted violence, violence risk assessment, threat management, and anyone interested in networking throughout Europe.

ASSOCIATIONS

Conference and workshop day location

Psychology Faculty of the University of the Basque Country UPV/EHU".

Address: Tolosa avenue 70, CP 20018, Donostia

Registration and payment

You can purchase tickets online at www.aetap.eu/next-conference

Payment should be made via PayPal or bank transfer.

Lunches & coffee breaks

AETAP provides coffee breaks and lunches during the seminar and workshop.

Poster sessions

Poster presentations during the breaks are welcome. Interested participants are invited to submit a brief poster description via email by March 1, 2026.

AETAP is an international non-profit organization aimed at promoting threat assessment and management as a means of preventing targeted and interpersonal violence, including femicide, violent extremism, and threats against institutions and public figures, among others. Since 2008, it has been organizing an annual international conference to showcase new research, intervention strategies in threat assessment and management, recent case studies, and to provide ongoing education and networking opportunities for professionals in the field.
